DELIVERY

CRSP is pleased offer data delivery via the “Cloud”. By utilizing IPSwitch’s MOVEit Cloud product (<http://www.ipswitchft.com/Products/MOVEit/Cloud.aspx>), you will be able to effortlessly download data products either on demand, or with scheduled processes.

We plan to have the CRSP\Compustat Merged database available in the next several months. We understand that transition can require time and coordination, so we will

initially offer this delivery option on an 'opt-in' basis. Should you wish to download the data, please contact our billing department at billing@crsp.chicagobooth.edu and provide us with the name, email address and telephone number of the contact person authorized to receive notification of and access to downloads.

INSTALLS

CRSP is in the process of replacing our current InstallAnywhere process with a ZIP file process. This transition offers more flexibility and stability over the long term and allows CRSP to better support our data products into the future. This change will be transparent to end users and is targeted for the September shipment of the CCM database. Details will be included in release notes accompanying that shipment.
